Experience

Voice and Piano Teacher

School of Rock
Scripps Ranch, CA

September 2019-October 2020

I taught voice technique, performance, and interpretation through many different works. All falling under the scope of rock. From The Beatles to Green Day, I focus on creating healthy habits in using the voice while retaining the singers' natural tone and increasing depth and power in the voice. The singers under my instruction were involved in all parts of the school, from the introductory rock band to our full-fledged performance groups.

General Music Teacher

Southern California Music Academy
Santee, CA

January 2020-May 2023

I've taught all ages of kids and adults how to play beginning piano, as well as beginning to advanced vocals. Through a personalized curriculum, I focus not only on the technical skills of music, but the appreciation and understanding of the piece they're practicing all while making the lessons enjoyable and fun for the student.
