

JONAS TURNER

STUDENT/ MUSICIAN

I am a 16 year old high school senior with 6 years of experience in music. I play 11 instruments fluently (Flute, Clarinet, Saxophone, Trumpet, Trombone, Baritone, Drums, Bass, Piano, and Guitar) and I am quick at learning new ones. I am my marching bands drum major. I have taken 5 AP courses (Calculus AB, Calculus BC, Chemistry, Language and Composition, and United States History) and many band classes (4 years of Marching Band, 8 Years of Symphonic Band, 2 Years of Jazz Band, and 2 Years of private lessons from Dr. Jenna Daum). I am intermediately trained with many different DAW softwares (Pro Tools, Ableton Live, SoundTrap, CakeWalk, and FLStudio). I am also proficient in instrument repairs in all woodwind, brass, percussive and stringed instruments. I enjoy practicing my instruments, producing music, and performing for friends, family, or the public.

STRENGTHS AND EXPERTISE

Performance Quality Control
Quick Learning
Planning and Strategy

Resource Management
Creativity
Community Engagement

Team Leadership
Communication
Event Management

PROFESSIONAL EXPERIENCE

The Home Depot Inc.

March 2026 - Present

Lot Attendant

As this was my first job and my introduction into the work force my responsibility skyrocketed when I took this job and I rose to the occasion. Working here was not where I had thought I would flourish but a physically demanding first job taught me work ethic, dedication, and financial responsibility.

- My responsibilities all revolved around ensuring that customers were given the best experience possible and ensuring a cleanly work environment for me and for my coworkers
 - This job was not a great fit for me as I hoped to have a music related job as that is my collegiate interest at the moment
-

EDUCATION

Chandler High School

Currently pursuing high school diploma
